

Bibliographie archivistique

Johanne Thibodeau

L'objectif de la bibliographie archivistique est de signaler les parutions les plus récentes dans notre domaine. Depuis 1994, les Archives nationales du Canada et l'Association des archivistes du Québec travaillent conjointement à la réalisation de cette bibliographie diffusée exclusivement dans la revue Archives.

La bibliographie archivistique répertorie les articles de 46 périodiques canadiens et étrangers en langue française et anglaise (voir la liste ci-après). Environ le tiers de ces périodiques est recensé par le sous-comité de la bibliographie archivistique de la revue Archives. Pour l'année 2004-2005, ce sous-comité était composé de :

Sandrine Chanteduc

Bessem Khouaja

Sabine Mas

Johanne Thibodeau (responsable)

La bibliographie archivistique comprend également les monographies acquises au cours de l'année par la Division des services de bibliothèque et de documentation des Archives nationales du Canada. Seuls sont retenus les articles et les monographies qui contribuent directement ou indirectement à la compréhension ou au développement de la discipline et de la profession en archivistique. Cette année, la bibliographie comprend un nouveau périodique : *Government Information Quarterly*. Les articles de ce périodique ont été répertoriés rétrospectivement depuis le volume 20 de l'année 2003. Aussi, le périodique *Business Archives* n'est plus dépouillé à compter de cette année.

La bibliographie archivistique se présente sous la forme d'un index alphabétique des sujets pour lequel chaque titre est indexé de manière à ce que, sauf exception, sa notice bibliographique apparaisse sous deux mots-clés différents.

Le sous-comité de la bibliographie apprécierait être informé de toute erreur ou omission relative à la présente bibliographie.
